---

Attached is the database that I received from counterparts at NMED. Please take a look at it and develop any questions that you may have. We are scheduled for a conference call tomorrow and it would be helpful if we had some questions for them. Details for the call will be forwarded.

Thanks.

Subject FW: U Mine database

For your use—Please note this is still a draft and being refined.

Thanks,

Dana Bahar

Dana: This is the most current version of the database, which I think may be unchanged from 2007.
